### Expertos en el diseño de parques urbanos y zonas deportivas.

Disponemos de una gran experiencia en el sector tanto en el diseño de estructuras de juego, mobiliario urbano y gestión del deporte urbano.

Con equipamiento propio o la colaboración con diferentes partners internacionales somos capaces de diseñar espacios adaptados a las nuevas realidades locales y globales.

Diseño urbano inteligente, agenda 2030 o creaciones enfocadas en la cultura de cada espacio.

### Experts in conception of parks urbains et d'espaces sportifs.

Nous possédons une vaste expérience dans le secteur tant dans la conception de structures de jeux, que dans le mobilier urbain et dans la gestion des sports urbains.

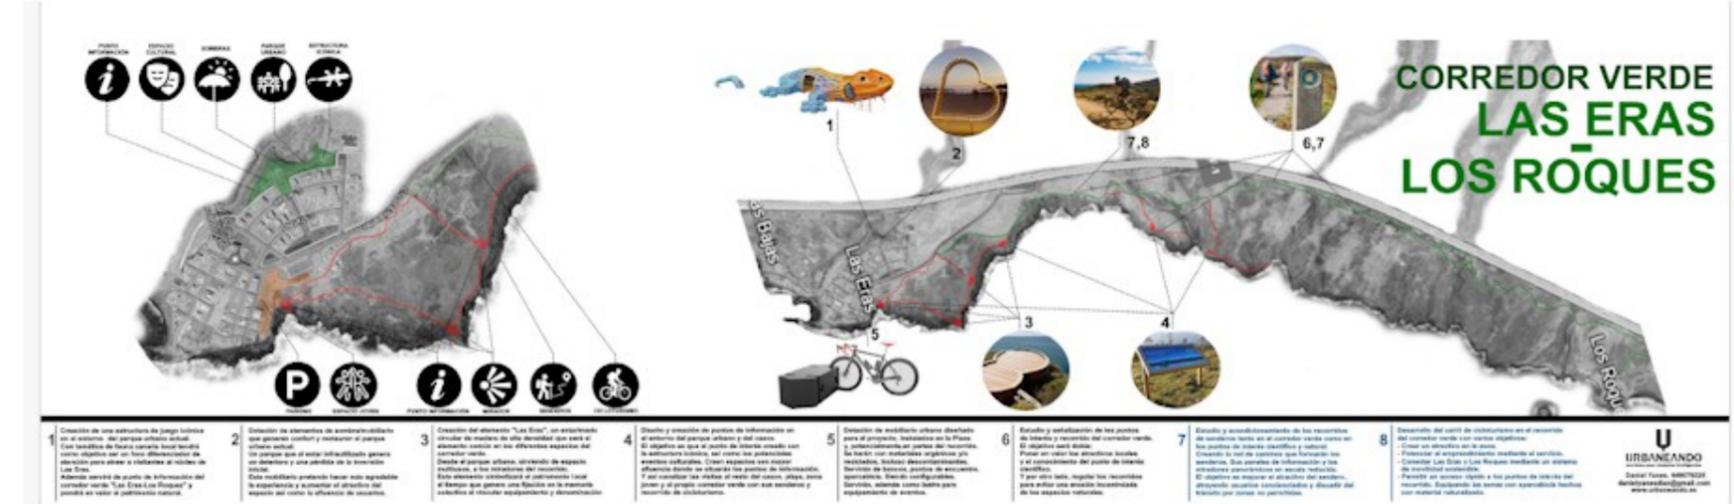

Avec nos propres équipements ou la collaboration de différents partenaires internationaux, nous sommes en mesure de concevoir des espaces adaptés aux nouvelles réalités locales et mondiales. Design urbain intelligent, agenda 2030 ou créations centrées sur la culture de chaque espace.

### Experts in the design of urban parks and sports areas.

We have extensive experience in the sector both in the design of play structures, urban furniture and urban sports management.

With our own equipment or the collaboration of different international partners, we are able to design spaces adapted to new local and global realities.

Intelligent urban design, 2030 agenda or creations focused on the culture of each space.

- 1. Información
- 2. Accesibilidad
- 3. Deportes
- 4. Recreación
- 5. Espacios verdes
- 6. Mobiliario urbano
- 7. Gestión de residuos
- 8. Seguridad

**CORREDOR VERDE LAS ERAS LOS RÓQUES**

1. Creación de una estructura de juego basada en el sistema del parque urbano actual. Con un sistema de juego que permita ser adaptable a un tipo de intervención de desarrollo para niños y niñas de 3 años de edad.

2. Creación de espacios de recreación que permitan un uso flexible y adaptable a los usos que se van generando en el tiempo.

3. Creación del elemento "Las Eras", un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.

4. Diseño y creación de puntos de información en el entorno del parque urbano y del centro. El objetivo es que el punto de información sea un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.

5. Diseño de mobiliario urbano adaptado para el proyecto, basado en la filosofía de diseño de los parques urbanos. El objetivo es que el mobiliario urbano sea un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.

6. Planificación y gestión de los puntos de información y recreación del corredor verde. El objetivo es que los puntos de información y recreación sean un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.

7. Diseño y planificación de los espacios de recreación y deporte en el corredor verde. El objetivo es que los espacios de recreación y deporte sean un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.

8. Desarrollo del plan de intervención en el entorno del corredor verde con un sistema adaptable. El objetivo es que el plan de intervención sea un elemento que permita un uso flexible y adaptable a los usos que se van generando en el tiempo.
